

PART 2

Norway as a hydrogen nation

Norwegian hydrogen ecosystem

Producers							Transportation/distribution			End users			

Production Technologies			Storage/Distribution Tech		End User Technologies					Deliveries across the value chain			

R&D

Consultancy, -legal and finance

Hydrogen Opportunities Germany

An offshore wind turbine with a white nacelle and three blades, mounted on a yellow and white tower, stands in the middle of a dark, choppy sea under a grey, overcast sky. The foreground shows white, frothy waves.

H2Cluster &
Kongstein &
Thema

H2Cluster is working with

- Ocean Hyway
- Powered by Telemark
- Kongsberg Cluster
- Energy Transition Norway

**MORE IN A WEBINAR
DECEMBER 14**

WHERE CAN WE MAKE A DIFFERENCE?

Norwegian stronghold Maritime

Arena H2Cluster
The Norwegian Hydrogen Cluster

The maritime norwegian hydrogen value chain

Norwegian stronghold: Industry, H2 Technology and Services

H2Cluster Safety resource group

Zero emission aviation – Norway can play a leading role in collaboration with aeronautics industry

**TIME TO MOVE ON TO THE
PEOPLE WHO CAN MAKE THIS
HAPPEN**
